HISTORY MEETS PRESENT

*A warm welcome to our Hotel Prinz-Luitpold-Bad.
Thanks to our mineral spring we were
spa pioneers of the first hour.
In 1888 the Prince Regent of Bavaria Prinz Luitpold
allowed the hotel to be named after him.*

Let yourself be enchanted by the flair of the late 19th century. Experience antiques with a history and people with a vision. Our family has been hosts for four generations and we are looking forward to indulging you. Enjoy our nostalgic mountain estate atmosphere, the Bavarian serenity and a host family with a sense of humor and a passion for their home. FEEL LIKE A KING

Mountain views from almost every corner of your room—especially your south-facing balcony. Face to face with the Alps and a clear view of the Ostrach river valley. Each of our rooms has its own story and holds historic secrets. Stumble upon founder time furniture, Art Nouveau elements and precious antiques.

A woman with her hair in a bun is seen from the chest up, relaxing in a hot spring. She is looking towards the right. The background features a lush green forest and snow-capped mountains under a blue sky with scattered clouds. The water in the hot spring is clear and reflects the surrounding landscape.
